Her Story: A TIMELINE OF THE WOMEN WHO CHANGED AMERICA

Her Story is a vivid documentation of the breadth and diversity of American women's achievements throughout U.S. History since the 1500s.

Her Story features writers, actors, athletes, doctors, scientists, social and political activists, educators, inventors, and women of all backgrounds and philosophies. This is an extraordinary collection of women and events that provides a unique view of history. Part of *Her Story's* distinctiveness is the inclusion of hundreds of lesser-known women from all walks of life who have broken barriers and created paths of noteworthy and inspiring achievement.

The *Timeline* also includes snapshots of events and organizations that have shaped women's experiences and women's history and, thereby the culture and history of America. *Her Story* is a captivating look at champions that will resonate with women and men alike.

Jill S. Tietjen, PE, is an author, a national speaker, and an electrical engineer. She is one of the top historians in the country on scientific and technical women. She is a frequent keynote speaker at engineering, science, and women's conferences. She has been inducted into the Colorado Women's Hall of Fame.

Copies of *Her Story* will be available for autograph and purchase.
